THE BEST BACHELOR PROGRAM FOR YOUR CAREER

DISCOVER LINCOLN INT'L COLLEGE

Message from CEO

Sabindra Maharjan
CEO, IIMS Group
BE Computer Engineering (PU)
M.Sc. Software Engineering, BTH, Sweden

Wish you a very warm welcome to IIMS.

Having returned back to Nepal from Sweden after graduation in 2009, a big gap in the academic sector was witnessed; graduates desperately sought for any job after graduation in absence of proper skill-set, while the industry complained about shortage of skilled human resource. There was a big gap between academia and industry, the very reason why IIMS inceptioned. IIMS in over a decade has been able to address this gap to some extent. Our glorious alumni achievement enables us to proudly advocate that our skill based learning has made a positive imprint in the society.

Diamonds undergone through pressure and proper nurturing are the most beautiful and precious ones. Learning and growth at IIMS are not restricted to classroom and academic experiences. Students at IIMS are undergone-through a holistic development approach. The extent to which each student takes advantage of the academic, extracurricular social opportunities and corporate exposures available here depends, in large measure, on the student's own initiative and their willingness to learn and explore.

Being part of IIMS means being part of a family who is besides you during your contentment as well as toil. We have a dedicated team to support the students from their first application to the day they graduate and even beyond. Everyone at IIMS is part of the family, not just an individual. Once an IIMS'ian, always an IIMS'ian. Once again, a very warm welcome to all the prospect change makers of tomorrow to IIMS, where your dreams are transpired into realities.

Satyendra Upreti
Academic Director, Management Program
PhD Scholar (Management), MBA
Licensed Management Lecture,
University Grant Commission, India

Message from Academic Director

IIMS Lincoln is an institution dedicated to building an environment that fosters intellectual freedom. The Program provides opportunities for students to assume high-visibility leadership roles.

The four years journey of this program will reflect these highly motivated students with a track record of academic excellence and successes, highly developed and tested leadership skills, and a deep understanding of and commitment to the leadership of corporates nationally and internationally.

We look for future global leaders grounded in functional, emotional, and situational skills and who embrace a global, digital, and learning mindset.

WHO WE ARE ?

IIMS Lincoln International College of Management & IT (LICMIT) is one of the finest colleges for IT and management studies in Nepal. Over the time it has been able to build close association with the industry by collaboration with the leading companies of Nepal, provided state of the art infrastructure, introduced experienced faculty members and other factors that have made the IIMS Lincoln a great place for IT and Management Studies.

IIMS Lincoln invites you to join the journey of management education. We take you to your final destination of a bright career through holistic development of attitude, skill and knowledge. We offer four years Bachelor of Business Administration (BBA) and two years Master of Business Administration (MBA) program in academic collaboration with Lincoln University College, Malaysia for students who wish to make key transitions in their career.

VISION

A model of innovation and distinction in management and technical education, recognized as an outstanding gateway to rewarding careers.

MISSION

To provide high-quality education and training that support student goals, a skilled workforce, and the economic vitality of our communities.

RECOGNITION

Approved By Ministry of Education

Tribhuvan University Equivalent

ABOUT UNIVERSITY

Lincoln University College, Petaling Jaya was established in 2002 as Lincoln College (LC) and upgraded in 2011. Lincoln University College is one of the premier private institutions of higher education approved by the Ministry of Higher Education and Malaysian Qualifying Agency (MQA- National Accreditation Board). The University College is situated in the cosmopolitan town of Petaling Jaya Near Kelana Jaya LRT Station, which is 10 kilometers West of the capital city, Kuala Lumpur. The founders and administrators of LINCOLN are true academicians who are committed to helping the students to achieve their potential in the education, research and employment world of this exciting new millennium. They bring together almost fifty years of higher education, post-secondary education and language teaching experience. Their backgrounds include teaching, research and professional training. LINCOLN focus is student centered and student-directed. Our philosophy is that everyone has a claim to education in order to better their life, advance their career and reach their desired level of personal success.

ACCREDITATION & RECOGNITION

World-class Standards, Facilities & Environment

As your vested partner throughout your education journey, future-proofing you is our priority. We continuously provide our students with more than just academics, but also life skills to be business leaders and successful entrepreneur of the future. To do that, we ensure we upkeep our standards and facilities, nothing less than world-class.

IIMS Unity in Diversity

Cultural Diversity is the strength and beauty of IIMS as it is of Nepal. Students from different cultural backgrounds are united under the umbrella of IIMS. Students celebrate and learn about different cultures of Nepal during events like Dashain Carnival and Nepal Food Festival, Cultural Fiesta, Unison Program, Newa Bhoje and many other events.

IIMSians Tour for Re-creation & Rejuvenation

Tours, Field Visits, Socialization Trips and Educational Excursions are jailbreakers. Such excursions and trips serve as a course of amusement and refreshment to students as well as faculties and staff. Timely breaks from regular and hectic chores are highly frutorous to regain focus and ensure top notch productivity

IIMS Music as Medicine

Music is a language understood by all living beings. It even has healing capabilities. A host of celebrities have performed during various events at IIMS and mesmerized the IIMS family with their soothing performances.

IIMS Bizhub

IIMS Bizhub is an academic incubation space to cultivate distinct academic eco-systems created to address the needs of aspiring entrepreneurs by helping them realize their concept and transform it into reality. This dedicated entrepreneurial space is a go-to place for the students across multiple programs to unite, collaborate and work with other fellow entrepreneurial minds. The idea of this project is to assist budding entrepreneurs in their start-up journey and beyond, through training workshops, mentorship, shared working space, seed funding & investment opportunities to remain afloat.

**Whatever you decide
to study at IIMS,
we're always here to help
you succeed.**

IIMS Innovate Space

An academic incubation space to cultivate a distinct academic eco-systems created to address the needs of young entrepreneurs by helping them realize their concept and transform it into reality.

This dedicated entrepreneurial space is a go-to place for our students across multiple programmes to unite, collaborate and work with other fellow entrepreneur minds and is accessible 7:00 am - 5:00 pm.

The objective is to assist budding entrepreneurs in their start up journey and beyond through training-workshops, mentorship, shared working space, seed fundings & investment opportunities to remain afloat.

Industry Immersion Programme

The Industry Immersion Programme is a 10-week course designed to help maximise your experience and provide you with the guidance, skills and knowledge to succeed in the ever-evolving business world.

Split into two stages, you'll first go through a workshop where you'll be exposed to personal mastery, team dynamics, and project management to prepare you for the full business immersion experience.

Then you'll enter the field to work with real clients on actual business projects. This is where you'll take the brief, conduct research, implement a strategy, test, execute and finally end with a final presentation of learnings.

IIMS Toastmasters

IIMS Toastmasters Club is a club dedicated towards the growth and development of each member through constant communication, practice, and support. The Toastmasters Club at IIMS has created a warm, friendly, and supportive environment for the students, as they gather each week to enhance their public speaking, communication, and leadership skills. Like any other Toastmasters club, IIMS Toastmasters club too is led by a set of fundamental core values: Respect, Integrity, Service, and Excellence (RISE).

“The only skill that will be important in the 21st century is the skill of learning new skills. Everything else will become obsolete over time.” ~ Peter Drucker

Pure academics will equip students only with hardcore domain related technical skills. Being only and only technically sound means calling for an early saturation point in a career that would rather have been a prosperous one, with an extra bit of a push. The industry demands dynamism from its professionals to lead the way through in both the thick-and-thins, which is the very reason IIMS has the GDS cell.

Growth and Development Services Cell at IIMS is what every student needs to reach their full potential. The college's vision of 360 degree student development is catered by the Growth and Development Services Cell. As the founder director of GDS cell, I can assure you that your learning will not just be limited to course books at IIMS. The GDS cell is here to impart life-long learning skills which in turn will ensure that IIMS's graduates have that cutting-edge X-factor over others graduates to be the change makers and the leaders of tomorrow.

Mr. Brihat Singh Boswa

GDS Director
Certified Softskills Trainer
M.Sc. IT (LPU), EMBA (KU)

IIMS Growth & Development Service (GDS)

IIMS Growth and Development Services (GDS) is a cell conceptualized to provide services and facilities to students beyond academics. In a competitive world such as today, be it professional or personal, pure academics would not suffice individuals to become competent and industry ready. The GDS cell through its services like events and activities (Dashain Carnival & Nepal Food Festival, Holi Blast, Khel Utsav), student club inception and support, business incubation (Bizhub), soft skills enhancement activities (Toastmasters, CV and Cover Letter writing, Interview Facing and many more), industry specific guest lectures, panel discussions and others ensure students learn every nitigrities about the corporate world in the college life itself such that IIMS graduates are class apart from others in the industry.

Being a corporate trainer and consultant, I am working with hundreds of companies in Nepal. As a consultant in this college, I will help students to bridge the gap between academia and corporate sector. Trust me, you will be getting real time workshop, training, projects and research work in this college. My experience with banks, multinational companies, corporates, national and international organization will help students of IIMS College.

If you are intentional about your personal growth, I am here to make it possible.

Mr. Ajay Regmi
GDS Consultant
Corporate Trainer

International University Exposure

Students are given the opportunity to network and build relationships with peers and faculty members from Taylors University through guest lectures, seminar and workshops through both physical and virtual mode.

Industry Visit

Our students have the opportunity to visit companies and gain first-hand insight into the real world of business providing them a platform to communicate and network with professional organisations and its employees.

Keynote Speaker Series Forums, Workshops & Conferences

These platforms link our students with industry leaders, through insightful talks and lectures. Students gain insights on global developments and issues that may impact their future practices.

IIMS Success Mantra: Fit Body with Intelligent Mind

An intelligent mind in an unfit body is of no such great significance. Rightfully it is said **“Health is Wealth”**. Only a healthy body with a good brain shall thrive in a longer perspective. Many sporting activities are organized to ensure the students remain fit and sturdy. IIMS Khel Utsav is the annual signature sporting event of the college. Moreover, the college arranges special yoga and meditation classes to ensure students’ mental soundness.

IIMS Gives it Back to the Society

One shall always remain grounded and never forget its roots. It is of utmost importance to give it back to the society from which so much is received. Everyone is part of this civic society and IIMS is no different. Realizing the role and significance of society, IIMS attempts to contribute back to the society through several activities like blood donation campaign, cleaning campaign, orphanage and old age home visit campaign and many others.

Career Service Center(CSC)

Career Service Center (CSC) will work to reduce industry academia gap by skilling our students to be job ready. CSC will focus on soft skills as well functional role skills in joint partnership with various esteemed corporations in Nepal. The objective is to drastically improve the success of students in finding jobs as well as supporting the corporations with skilled and competent graduating talents. Career Service Center will include activities like industry interaction, prospective candidate engagement, job and skill mapping of each individual and employability courses (functional job role training and soft skills).

IIMS Career & Employability

Whether you already have a plan or need some inspiration, IIMS's Careers and Employability Service is here to help.

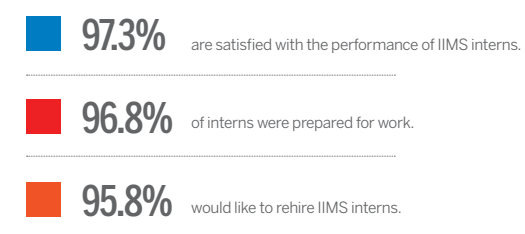

Academic excellence and employability go hand in hand at IIMS. Your course, and the diverse student experiences we offer, will enable you to develop the skills and professional competencies required to thrive in the job market.

We will help you explore your options, so you feel confident making choices about what you want to achieve. Our team will support you as your semester progresses along side skilling through workshops and trainings and assist to build your CV, search for jobs, prepare applications, practise your interview technique, and much more.

Employability Matters

This the Co-Op programme, IIMS students gain invaluable industry exposure through structured internship programmes each academic year.

How will I Study ?

Engaging study, incredible results

→ Teaching

Lectures will form the backbone of your studies in the first year, when you will be taking up to four modules at any given time. Each module will typically involve around three to four hours of study per week, combining a mix of formal lectures and activities such as tutorials or computer labs.

→ Practical Teaching

Practical, self-directed study will play a central role in your learning throughout your degree, particularly in relation to the group and individual projects which take place from first year. 5 recently refurbished dedicated computer labs offering seamless internet, study area and off-class hour access is ideal for this purpose.

→ Personal Tutor

You will be allocated a personal tutor to help and advise you during your time at college. Your tutor is one of your first ports of call if you have any problems or questions and will offer you help, encouragement and feedback on your performance on the course.

→ How you will be Accessed ?

Modules assessment involves a combination of coursework and written examination. Lecture-based modules are typically be assessed via exam at the end of each semester. The coursework may be individual or group work involving programming, research, writing and/or presentations and reflections. Typically in the third and fourth years of some of courses, depending on which specialization path you follow, you will be assessed fully by a presentation and project reports.

Teaching and Learning Support

→ Online Learning

IIMS Lincoln Learning System is a web portal system that provides all students with individualized web services and information – all from one simple login point. Once student logged in into the system, it will act as a gateway to all the resources. The main features of LMS includes records of attendance, assignments, notices, messaging system, discussion forum, and course resources which facilitates an effective teaching.

→ IIMS Student Success Centre

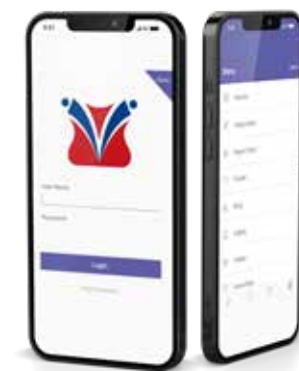

Student success centre offers intervention for students via knowledge sharing through workshops, consultations and peer support services to provide learning opportunities throughout the student's journey towards academic success.

→ IIMS Mobile Apps

IIMS Lincoln students, lecturer and parents are given access to Mobile app. Through this platform, students will receive all course information such as notifications, class timetable, assignments, results and more.

Digital Library

IIMS App

Google Classroom

→ College Library

IIMS houses a physical library with more than 7000+ books covering all aspects of learnings.

→ Online Library Access

IIMS Lincoln students and lecturers are given access to the University's subscribed online resources. This means students and lecturers can obtain the required educational contents without having to wait and go to the physical library.

A Legacy of Excellence

At IIMS LINCOLN, we believe that our success lies with that of our students. We work with brilliant and driven individuals from around the world and we are gratified to help them realise their potential.

4 YEARS | 8 SEMESTERS | 120 CREDIT HOURS

BSc(Hons) Network Technology & Cybersecurity

The Lincoln University College (LUC) Bachelor of Computer Science (Hons) (Network Technology and Cybersecurity) is focused a unique opportunity to learn about specialist security techniques and use real world networking equipment in a security context. Students are also educated about market-leading Cisco Routing & Switching Techniques, security appliances, ethical hacking techniques, vulnerability analysis, penetration testing and data encryption technology.

PROGRAM HIGHLIGHTS

- X Acquire and apply knowledge of Network and Security fundamentals in to the Computer Science field
- X Demonstrate comprehensive technical expertise in Network Technology and Cyber security.
- X Communicate effectively both in written and spoken form with Network analysts, other professionals and community.
- X Identify, formulate and provide creative, innovative and effective Network and Cyber security solutions.
- X Function individually or in teams, effective with sustainable approaches.
- X Recognize the need for and to engage in, life-long learning and professional development.
- X Self-motivate and enhance entrepreneurship skills for career development.

YEAR 1

- Business English
- Computer Network
- Web Designing
- Discrete Math
- Security Computing
- Basic Computer Application
- Advance Computer Architecture
- Advance Computer Network
- System Analysis & Design
- Digital Logic
- Windows Server 2016
- Cyber Security Law and Policy

YEAR 2

- Operating System
- E-Commerce
- Data Structure and Algorithm
- Wireless Communications
- Ethical Hacking
- Database Management System
- Advance Database Management System
- Data Communication & Networking
- Linux Administration (WAN & MAN)
- Leadership and Human Relations
- Cyber Security Management
- Embedded System
- Software Project Management

YEAR 3

- Cryptography
- Information Security Management System
- Artificial Intelligence
- Advance Routing Technology (WAN)
- Project Work
- System Software & Administration
- Digital Crime Investigation
- Industrial Management
- Cloud Computing
- Industrial Training

Master of Computer Science

The Master of Computer Science (MCS) is an advanced degree program which imparts students with much needed general competence, knowledge and analytical skills on an advanced level, which are highly valued and sought-after in academics, industry and research.

This degree features advanced course work and provides numerous opportunities for interdisciplinary study. Students can study courses such as Technopreneurship, Quality Assurance & Testing, Data Analytics & Visualization, Artificial Intelligence, Digital Forensic, Artificial Intelligence, Digital Forensic, Big data and much more.

Master of Business Administration

IIMS MBA, also known as Master of Business Administration, is an academically rigorous coursework programme that is innovative, practical and globally relevant. Our MBA curriculum combines personalised leadership development with a strategised multidisciplinary approach to help you learn. It is designed to provide you with a foundation of business knowledge, insights, and skills to help you succeed anywhere in the world.

IIMS College is known for providing the best industry- tailored courses in the country. I received assistance in developing my strengths, critical-thinking and problem solving proficiencies. This exposure enhanced me to become industry-ready. Coming from a typical Nepali education system, I was truly overwhelmed to be a part of an education system that prepared me for real life situations. For me it was the perfect place to explore my interests and learn how to stand out from the crowd.

Sajesh H. Bajracharya
BBA, 2021 Batch

I can proudly say that joining IIMS College has been the best decision I made regarding my studies since it has provided me with a good learning environment along with the opportunities to enhance my various skills through its curriculums like communication and networking skills. It has boosted my confidence and led me on a better path giving me access to opportunities I wouldn't have gotten otherwise.

Anupa Shrestha
BBA, 2019 Batch

IIMS's approach towards education, discipline and all-time support of faculty has led students to be good human being. The study environment of IIMS has been suitable for students to enhance their learning abilities.

My experience at IIMS strengthened me and helped me to become a more self-sufficient woman. I met a variety of folks from diverse cultures. I got several possibilities to groom myself, due to my ever-inspiring mentors who helped me uncover my brilliant side. I am grateful to all of the lecturers who encourage and correct me. The activities in which I participated allowed me to gain confidence. The institute has guided me and gave me a strong platform for my career

Deeya Singh Suwal
BBA, 2019 Batch

It's been a great experience so far. I have found the professors and staff to be incredibly friendly and helpful as I am working on getting my degree. The curriculum for my major has good structure which can give me the real experience for the field I desire to get into. Being at IIMS has been an amazing experience for me that have helped me grow personally and professionally.

Yasun Rayamajhi
BBA, 2019 Batch

IIMS Event Culture

The amount of student caliber and talent at IIMS is what sets IIMS apart from others. IIMS is a home to many students turned into celebrities. Samir Shrestha, Kengal Mehar Shrestha, Gopi Shrestha, Sujata Thapa are to name a few of IIMS's student celebrities. Moreover, events like Hob Nob, Fantastic Feb, Mexi-Ara, Prom Night, Cross Culture Celebration, Christmas Festival provide a much needed platform to talented yet unrecognized students.
