## WELCOME MESSAGE

**“Let’s join hands in generating skilled human resource that can live up to the modern market demands and adept as per the necessity of the situation.”**

With great pleasure, we would like to welcome you to our progressive learning institution IIMS. Similarly, we would also like to congratulate you for your decision to join our institution and assure that you indeed have made the right choice by selecting IIMS for your further studies, from among many colleges in Kathmandu. IIMS was established with the intention of providing students with industry relevant education to stand out in this highly competitive global market place. We instill in our students a global orientation and we do that by constructing a world class college with a world class facility, world class students and world class relationships.

Our curriculum focuses on integrative learning, incorporates the study of global environment and utilizes innovative approaches to develop skills needed by individuals so they can meet and conquer the daunting challenges of the modern world. Providing exemplary infrastructural facilities, experienced and highly qualified faculty and refreshing atmosphere are some of the factors that distinguish us from other institutions. However, we don't just focus on infrastructure and outlook of the campus, but do what is necessary to build student's career.

With great concern, it has been noted that students after their graduation are mere degree holders, who end up haunting for a job and end up with an irrelevant job. It has been seen that there is a huge gap between academics and industry. To bridge this gap we offer you international degrees with 100% job oriented program, which offers a unique blend of theoretical and cutting edge functional inputs to students making them complete in all aspects. Everyone involved with IIMS is united by a common aspiration to make the world a better place. Students at IIMS learn to take responsibility for planning their own lives as professionals. Our college has a dedicated team who support students from their first application to the day they graduate. Once again, we welcome you to be part of our progressive institution that helps you learn to make things happen rather than waiting for things to happen.

**- IIMS MANAGEMENT TEAM**

As an academic institution, IIMS has always focused on knowledge beyond bookish education. With academic collaboration with UCSI University, IIMS's vision is more stressed on providing practical based education. BHM & BIT, being a technical course, our emphasis has been more on practical sessions & practical labs. We have not left any stone unturned in providing facilities and opportunities for exposure to our future graduates.

**Pranaya Singh**  
Chairman

# MESSAGE

## FROM VICE CHANCELLOR

**Senior Professor Dato' Dr. Khalid Yusoff**  
Vice Chancellor & President  
UCSI University, Malaysia

UCSI University is a leading private university in Malaysia. It is ranked in the top 500 in the 2019 QS World University Rankings. It is also rated in Tier 5 (Excellent) – the highest rating accorded to universities in Malaysia – in the Rating System for Malaysia Higher Education Institutions (SETARA). It stands out as one of Malaysia's first private universities and it offers an eclectic range of industry-acclaimed programmes in medicine, pharmacy, engineering, applied science, business, IT, architecture, social science, music, tourism management, creative arts and design.

UCSI actively collaborates with the world's best universities in the Ivy League, Russell Group, Universitas 21 and Australia's Group of Eight. This extensive network provides invaluable opportunities and UCSI students are annually selected for high impact research programmes at Harvard Medical School, Imperial College London, Tsinghua University and the University of British Columbia, among others. UCSI also collaborates with around 4,000 global companies to provide students with at least two months of internship each year, career advice, technology transfers and job opportunities. This dynamic setting makes UCSI a university of choice and students from more than 110 nations call UCSI home.

Our collaboration with IIMS in Nepal focuses on the BA (Hons) Hospitality Management & B.Sc.(Hons) Computing degree programme, as well as student mobility initiatives. If you want to join us in the pursuit and advancement of knowledge, I look forward to welcoming you.

## IIMS SIGNS MOU WITH UMKC UNIVERSITY

The authorized signatories of MOU on behalf of UMKC and IIMS  
**Mr. Kevin Z. Truman**, PhD., F. ASCE,  
Vice Provost for International Affairs & Dean, UMKC, Kansas City, USA  
**Mr. Sabindra Maharjan**  
Chief Executive Officer, IIMS

## WHO WE ARE?

IIMS(Institute of International Management Science), located at Dhobidhara, Kathmandu, has been running different IT, Hospitality and Management courses since 2010. It has established itself as one of the preferred college in Nepal amongst students wishing to continue their career in IT and Hospitality Management. Over the time, it has multiplied its association with various industries, has provided state of the art infrastructure, deployed experienced faculty members and has lived up to the expectation of students, which makes it an ideal place to pursue their career further. IIMS invites you to join its journey in educating IT and Hospitality Management professionals who are to be the leaders of tomorrow's world.

We take you to your final destination of bright career through holistic development of attitude, skill and knowledge. We offer globally recognized B.Sc. (Hons) Computing and BA (Hons) Hospitality Management courses, under the affiliation to UCSI University for students who wish to make key transitions in their careers. It is designed to give rise to future professionals rather than mere degree holders.

IIMS has completely different approach to learning, going beyond bookish knowledge. Instead it sharpens technical skills through Presentations, Case Studies, Project Works, Workshops, Trainings, Industry Visits, Internships, and Guest Lectures by professionals and experts that helps deal with real life situations better.

# MISSION

- ▶ To provide high-quality education and training that support student goals, a skilled workforce, and the economic vitality of our communities.

# VISION

- ▶ A model of innovation and distinction in management and technical education, recognized as an outstanding gateway to rewarding careers.

## ABOUT UNIVERSITY

UCSI University is a vibrant community of learning and scholarship. With more than 10,000 students from 80 different countries, the University stands out as a melting pot of diversity and learners will supplement their pursuit of knowledge with a keen sense of cultural appreciation – a vital trait in today's borderless world. As one of Malaysia's first private universities, UCSI University has long impacted the national higher education landscape and the University continues to do so with its wide range of undergraduate and postgraduate programmes.

The University's academic staff are at the forefront of their disciplines and their views are highly sought after on major issues; from business to political science. Many of our academics have extensive experience working overseas and some play advisory roles in public bodies and various committees. By bringing their experiences into the classroom, our academics cater to an exhilarating learning environment and learners will thrive as they balance academic mastery with industrial application. UCSI University's strong track record of university-industry engagement has attracted attention from the powers that be and the University is entrusted to reshape Malaysia's tourism and hospitality industry through education. By leading the Malaysian Centre of Tourism and Hospitality Education – a consortium of Malaysia's foremost education institutions – that endeavours to equip at least 50% of the industry's workforce with a diploma or a degree by 2020, UCSI University stands in the nation's service and that of the global community.

Building on its domestic standing as a preferred and trusted education provider, the University is also expanding its sphere of influence. Tie-ups with foreign universities, research institutes and leading multinational companies are constantly established, enhancing opportunities for students and staff in the areas of research and development, mobility programmes and career opportunities, among others.

While these developments are encouraging, the true story of the University is about its students. Many of our alumni have gone on to achieve great things in life – from business to science and the performing arts. Most remain in close contact and the University is gratified to play a role in grooming movers and shakers that define today's – and tomorrow's – world.

# UCSI UNIVERSITY KL CAMPUS

Situated on a 19-acre piece of land, the Campus is located in Cheras, Kuala Lumpur. There is convenient access to numerous facilities including banks, restaurants, transportation services, entertainment, and accommodation. Fully wireless, the Campus is equipped with the latest cutting-edge technology to access the world of e-learning and e-resources.

**MALAYSIA'S #1 PRIVATE UNIVERSITY**  
**RANK 481-TOP 2% OF ALL UNIVERSITIES WORLDWIDE**

UCSI is rated in Tier 5 (Emerging Universities) in SETARA 2017, placing it on par with established foreign branch campuses in Malaysia.

# INFRASTRUCTURE & FACILITIES

# INFRASTRUCTURE & FACILITIES

# BSc(HONS) COMPUTING

Through the development of new applications in science, engineering, and business, Computer Science is radically changing the way in which we experience our world. This Programme equips students with the skills needed to contribute to this exciting and rapidly evolving field.

B.Sc. (Hons) Computing is our most flexible Programme, allowing students to choose course units to reflect their developing and changing interests. Furthermore, a wide range of themes from across the discipline allows students to specialize in the second and third years.

Students will gain not only knowledge and practical experience of the latest technologies, but also a grounding in the underlying principles of the subject. It is this combination of skills that enable our graduates to keep pace with this fast moving subject, and secure rewarding careers that can be pursued almost anywhere in the world.

## PROGRAM HIGHLIGHTS

- ❖ Syllabus is subject to 10% alteration each semester to incorporate new developments and changes in technology.
- ❖ A strong focus on IT technical knowledge and skills like programming, database, networking and multimedia.
- ❖ Opportunity to employ the knowledge learnt in the classroom to real world scenarios via extracurricular framework boosting leadership, motivation, and self-satisfaction.
- ❖ Gain industry experience through co-operative placement internships every year.

**Rabin Thapa**  
Computing Academic Director

“Our B.Sc. Computing courses provides students with a thorough understanding of core topics in computer science – both theoretical and practical alongside a wide range of technical and analytical skills. Students will also gain hands on experience with the numerous and fascinating applications of Computer science including desktop, web and mobile applications.”

## SUBJECT LISTING

### YEAR 1

- Discrete Mathematics 1
- Data Structures & Algorithms
- Introduction to Internet Technologies
- Java Programming 1
- Java Programming 2
- Object Oriented Modelling 1
- Research Methods in Computing
- Database Management Systems
- Database Administration
- Computer Org & Architecture
- Cooperative Placement 1

#### ► What to expect

14 courses covering 46 credits introduces key concepts and tools underpinning modern computer science.

Students will learn how to program in Java and databases, and study the architecture and applications of computer systems.

It further covers more advanced subjects including as database administration and Java programming.

### YEAR 2

- Business Systems Development Tools
- Database Design
- Introduction to Human Computer Interaction
- Multimedia Programming
- Object Oriented Modelling 2
- Software Project Management
- Visual Basic.Net
- Operating Systems
- Networking
- Cooperative Placement 2

#### ► What to expect

13 courses covering 40 credit that introduces to trending courses like Software project management and HCI.

Students will continue practicing programming to fulling assessment of various subjects.

Student will be studying database alongside other areas of computing such as operating system, networks and multimedia.

### YEAR 3

- Database Technology
- Programming Models
- Business Case Project
- Java Web Programming
- Intelligent Systems
- Object Oriented Methods
- Network Security Design
- Mobile Commerce
- Project Formulation
- Project Design & Implementation
- Cooperative Placement 3

#### ► What to expect

12 courses covering 37 credit provides an opportunity to bring acquired skills together to address real data analysis problems in a rich and supportive environment by developing and demonstrating prototypes to full-fill each subject's assessments.

Students will undertake a wide range of specialized modules such as java web programming, mobile commerce alongside final year individual project.

#### General Courses (MPU)

General courses (MPU) are compulsory for all students.

- U1 - Bahasa Melayu
- U2 - University Life
- U3 - Business Law
- U4 - Extracurricular Activity

#### International Degree Pathway Middlesex University (2+1/1+2)

» B.Sc (hons) Information Technology

Above subjects list may change, for example due to curriculum developments by UCSI University. Hence the above list contains current subjects that UCSI offers, and may not be taken as a definitive list. The most up to date information can be found on our website at <https://www.ucsiuniversity.edu.my/programmes/bsc-hons-computing>

## TEACHING AND LEARNING

At IIMS we aim to provide a unique experience. Studying B.Sc. (Hons) Computing with us will give you the chance to follow your academic curiosity and explore this fascinating subject.

A significant amount of students work will be project-based team work, tackling real problems. Students will see how computer science is directly applicable to solving problems, across a broad range of areas.

The emphasis throughout is on independent learning, supported by hands-on practical experience and regular meetings in small groups with personal tutors. Students receive practical help and support from experienced lecturers and industry experts adding further to their learning stimulating their interest. This approach is supported by conventional/guest lectures, practical/tutorials, trainings & comprehensive on-line learning resources.

## COURSEWORK AND ASSESSMENT

Unseen examinations account for about 40-50% of the assessment. These assess student's abilities in the selection and application of knowledge, problem solving, and the design and evaluation of software prototypes.

Other assessment is mainly through laboratory-based coursework that provides students with the opportunity to demonstrate their understanding of computer science by tackling specific problems on a more realistic scale, both individually and in groups.

The remaining assessment is through reports and presentations, where, in particular, student demonstrates the transferable skills they have acquired. Some courses in second and final year the non-examination assessment is mainly made up of the practical project.

“I have always been interested in Computers and technology and when I looked at the course offered by the IIMS College it was the intuitive choice. The course was just what I wanted to study and the college is beautiful; it just made sense.”

Salina Balami  
B.Sc (Hons) Computing, 5th Semester

“What I liked is how students are not only assessed on basics of how much they can memories but is based on individual and group coursework. Though I tend to be more individual in fulfilling these assignments but group work is also a good idea, especially the way that everyone is mixed up. In a work environment we have to work with a wide variety of people so it's like training your communication muscles.”

Faraz Ahmed Khan  
B.Sc (Hons) Computing, 3rd Semester

“The teaching style in first year allows for everyone, regardless of prior experience, to reach the same level by the second year, where it is more focused towards specialization. Overall, my first year was an interesting and amazing experience as it was the first time I had ever been exposed to programming at academic level!”

Neha Shrestha  
B.Sc (Hons) Computing, 2nd Semester

“I am highly satisfied with my choice to study here at IIMS College. The College facilities were highly modern and had all the necessary means required for IT studies. Great faculty, team and colleagues.”

Osaka Thapa Magar  
B.Sc (Hons) Computing, 7th Semester

## HOSPITALITY MANAGEMENT

Hospitality is one of the fast growing industries in Nepal and worldwide, despite the ongoing economic challenges. Nepal has immense potential in terms of hospitality market. The industry has always been a leading source of foreign income and a medium to improve the lives of those involved in the business.

The hospitality industry continues to grow. The World Travel Organization predicts that it will triple in size by the year 2020, becoming one of the world's largest industries in the world. This growth will provide many employment opportunities for people with the right qualification. With a multitude of prospects in its varying fields, our course is packed with practical experiences, training in specialist environments and customer facing scenarios, so you gain a real taste of what it's like to work within all areas of hospitality.

IIMS's effort is on preparing a pool of competent human resource for the Hospitality Industry, who are able to extract the potential opportunities in this sector. In this course, you will learn about the management of hospitality products and services and you will be encouraged to develop a strategic approach to the ever-changing business, economic and social demands placed on the industry. You will undertake study in both practical and theoretical subjects with many opportunities to interact with the hospitality industry through competitions, guest speakers, industry mentoring programs and both external and internal events.

During the course, you will complete one year work placement. The work placement can be undertaken in any sector of hospitality industry, either in Nepal or abroad, and will provide you with essential experience and knowledge.

# CAREER EXPOSURE

At IIMS's Faculty of Hospitality Management, we equip our students with solid foundations for a global career. With the qualities and drive you gain at IIMS, promising careers await you in:

\*Required advance professional training program

# GET SET TO GO PLACES.

IIMS Faculty of Hospitality Management constantly expands its global network so you can do the same. Partnerships are forged with many of the world's leading hotel chains and you will enjoy myriad opportunities to complement your academic qualifications with invaluable industry exposure. Synonymous with quality, the Faculty's students are highly sought after and you may even get to work at leading hospitality establishments in countries like Dubai, Malaysia, Thailand, Mauritius, China, India, Japan, Macao, Hong Kong and Singapore who take in IIMS students annually.

WE HAVE

### STRONG INDUSTRY LINKAGE

WITH MANY OF THE WORLD'S LEADING HOTEL CHAINS, RESORTS, THEME PARKS & CONVENTION CENTRES THAT PROVIDE MYRIAD OPPORTUNITIES AND INDUSTRY EXPOSURE TO THE STUDENTS IN NEPAL AND ABROAD.

OUR ACADEMICIANS ARE SEASONED PRACTITIONERS WITH

### STRONG PRACTICAL EXPERIENCE

IN THE FIELD OF CULINARY ARTS, HOSPITALITY AND TOURISM.

WE ARE EQUIPPED WITH

### WORLD-CLASS FACILITIES

INCLUDING PROFESSIONAL KITCHENS, MOCK-UP ROOMS, OENOLOGY LAB AND PATISSERIES, TO NAME A FEW.

OUR FOCUS IS NOT JUST ON PURE ACADEMICS, BUT

### EXTRA CURRICULAR ACTIVITIES

TOO TO ENSURE ALL ROUND DEVELOPMENT OF STUDENTS.

# BA(HONS) HOSPITALITY MANAGEMENT

This programme offers a unique balance between theoretical mastery and practical application that sees students covering every aspect of hospitality management. Hands-on learning sums up the delivery of the programme and students develop leadership traits and soft skills through internships and capstone projects.

## SUBJECT LISTING

### YEAR 1

- Introduction to Accounting
- Fundamentals of Hospitality and Tourism Industry
- Business Communication
- Basic Food Preparations
- Commercial Cookery
- University Life
- Introduction to Management and Organisation Theory
- Food and Beverage and Labour Cost Control
- Sanitation, Safety and Hygiene
- Food and Beverage Service
- Business Statistics
- Customer Service
- Bahasa Melayu Komunikasi (International Student)
- Extra-curricular Learning Experience 1
- Elective: Choose One
  - Japanese Language
  - German Language
  - Mandarin Language
  - Korean Language

### YEAR 2

- Food and Beverage Management
- Front Office Operation and Management
- Hospitality and Tourism Marketing
- Management Information System
- Cross Cultural Studies
- Introduction to Wine and Bar
- Housekeeping Management
- Hospitality and Tourism Law
- Hospitality and Tourism Human Resource Management
- Business Research Method
- Hospitality and Tourism Economics
- Entrepreneurship
- Hospitality and Tourism Management Accounting
- Malaysian Studies (International Students)
- Extra-curricular Learning Experience 2

## YEAR 3

- Casino, Club and Resort Management
- Convention Sales, Services and Operation
- Independent Project A
- Hospitality and Tourism Strategic Management
- Hospitality Facilities Management and Design
- Financial Management for Hospitality and Tourism
- Event Operations Management
- Independent Project B
- Hospitality Revenue Management
- Extra-curricular Learning Experience 3

## YEAR 4

- Intership (Industrial Exposure)

**International Degree Pathway**  
**Dublin Institute of Technology**

- » B.Sc. Hospitality Management
- » BA Hospitality Management

From Bachelor Programme to:  
**M.Sc. Hospitality Management**

# BEYOND CURRICULUM

## INDUSTRY INTERFACE

An integral aspect of technical studies is the industry project. Students will get ample of opportunities to work on industrial projects and in house training sessions which help them to get familiarized with the real world work.

## CO-OP & PLACEMENT

We are strive to develop campus life by providing opportunity for personal growth and leadership development to all students. This is accomplished by giving freedom of expression, social interaction and active participation for all students. Students input, opinion and action are highly appreciated.

## UNDERSTANDING LIFE SKILLS

We want our students to have a holistic approach which transforms them into multifaceted professionals. Therefore, IIMS helps the students understand people skills, managing their career, multi-tasking work, learn presentation skills, building confidence, managing self and having a multicultural approach.

## STUDENT'S CLUB

The student's club is aimed at encouraging togetherness by organizing various campaigns, activities and events that help students in pursuing their career goals, while installing strong values and principles in them.

“ Namaste! Every single cent spent during the study tour abroad was worth it because truly, Naturally Nepal, once is not enough. Given the opportunity, I'd visit Nepal again for a different purpose. The trip has changed my outlook on contentment & now I really value Malaysia more! ~ Dhanyabaad, FHTM & IIMS Colledge!! ”

**Jordan**  
UCSI Student, Malaysia

# UNIQUE LEARNING OPPORTUNITIES

The Faculty offers intensive cultural exchange and student mobility programmes in collaboration with partner institutions, open to university students from around the world.

## SUMMER PROGRAMME

### Student Mobility Programme

You will have the opportunity to enrol and study the Faculty for one semester up to one year. Some courses will necessitate industrial placements to be completed. Social and cultural programmes are organised to complement the learning experience along with field trips and industry visits. Upon completion of the course, you will receive a transcript and credits may be awarded to your programme of study at your home institution.

## STUDY TOUR ABROAD

### Cultural Exchange Programme

The programme offers many diverse opportunities for student to travel the world. As an alternative to education, this programme also enables you to visit multiple countries and enjoy unique educational experience outside the classrooms through our curriculum that involves several field trips and industry visits.

## STUDY TOUR

### Experiential Learning Programme

Experiential learning is the process of learning through experience and is more specifically defined as learning through reflection on doing. The Faculty provide several experiential learning opportunities to students outside the classroom as part of our curriculum in organising field trips and industry visits.

## INDUSTRY VISITS

### Experiential Learning Programme

Visit restaurants, hotels, convention centres, ministries, government offices, NGO etc.

“Travelling to Nepal has really opened my eyes to see the world in a different perspective? I'm fascinated with the scenery of Kathmandu Valley, the Himalayas, the culture, the food & of course the people that I met during my one week stay in Nepal. One of the most memorable experiences for me was the friendship that was made through bonding & the sharing of thought & culture. I'm grateful for this opportunity & would definitely recommend that everyone visit Nepal.”

Dania  
UCSI Student, Malaysia

## Hamro LMS IIMS LEARNING SYSTEM

IIMS Learning System is a web portal system that provides all students with individualized web services and information – all from one simple login point. Once student logged in into the system, the system will act as a gateway to all the resources required for students. The main features of LMS includes records of attendance, assignments, notices, messaging system, discussion forum, downloading course resources, individual course activities, uploading and downloading files and resources which facilitates an effective teaching-learning platform.
